OPERATING AUTHORITY CERTIFICATE APPLICATION FOR COMMON CARRIERS OF PASSENGERS INSTRUCTIONS AND APPLICATION

Purpose: Use this form to apply for or change existing authority to operate as a Common Carrier over Regular Routes or a Common Carrier over Irregular Routes in Virginia. For information on how to obtain For-Hire Intrastate Operating Authority for other types of for-hire services, visit DMV.virginia.gov.

Instructions: To ensure accurate and timely processing of your application, read and follow all steps outlined in the instructions that follow PRIOR to completing the application.

NOTE: The application process for operating authority involves multiple steps, including the submission of various pieces of information, and requires the applicant's continuing involvement and cooperation with DMV staff. It is critical that all required information is current and that it is submitted timely. If after 90 days you have failed to respond to a request for information, DMV may cancel your application. If your application has been canceled and you later decide to reapply for operating authority, you will need to begin the process as a new applicant.

Please be aware of the following prohibition: If you have been or are found guilty of performing, offering, advertising, providing, procuring, or arranging by contract, agreement, or arrangement to transport passengers for compensation without the required license, permit, or certificate through either a conviction resulting from a Virginia Uniform Summons or a civil penalty appropriately assessed by DMV, you will be denied the license, permit, or certificate requested for a period of 12 months beginning from the date of the conviction or assessment of the civil penalty.
